## Vox Partnerships

Vox excels at a lot of things related to printing and packaging, but what we do best is remove the worry to give our customers time and energy to focus on larger challenges. We accomplish this by handling all the details while supplying an on-time, high quality, worry-free product.

For decades large brands have trusted in us as a supply partner because they know Vox Printing enhances relations with our customers' distribution partners, marketing stakeholders and most importantly, **their** customers.

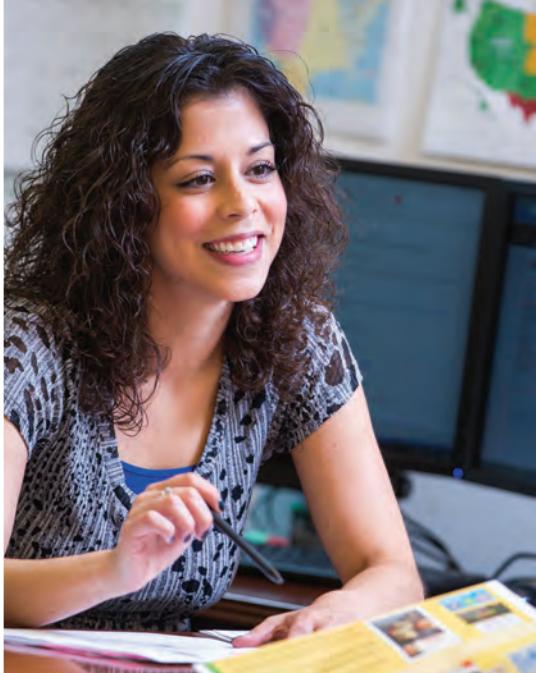

## Building Customer Relations

The relationship we have with our customers helps build the very foundation of our business.

*"I just want to say that it has been a pleasure working with you over the last 10 years, and you have been my favorite rep to work with across all vendors!" - Nathan*

## Buffalo On Guard

Our buffalo got a new paint job and is ready to roam! "Spirit of the Buffalo" is a program of the Nature Conservancy.

## Paper Giveaway

Vox held its second paper giveaway. We posted that we had roll ends and poster board to give away on Facebook and it went nuts. It was shared 1,667 times and reached 194,612 people. We ended up having over 200 vehicles come by to pick up the free paper. Most were teachers but we also had churches, tutoring programs and scouts as well. At the end of the day, 1,300 roll ends, 32,600 sheets of poster board, 125 big roll cores and thousands of boxes and miscellaneous sheets of paper were distributed.

## Blood Drive

Our annual blood drive was well supported again by employees across the shifts in many of the departments! 40% of our employees participated in this year's drive.

## Packaging Relief

Vox has been producing boxes, for a new customer, that hold meals FEMA distributes to those involved in the three historic hurricanes to hit our region.
